**The State Bar of Arizona Presents:**

# **A COLLABORATIVE CLE REGARDING SHAKEN BABY SYNDROME / ABUSIVE HEAD TRAUMA**

Cases involving allegations of Shaken Baby Syndrome (SBS) or other Abusive Head Trauma (AHT) often present difficult challenges for lawyers, judges, experts, those accused and their families. The subject matter is complex and sensitive, and the debate surrounding the diagnosis can be intense.

This unique CLE will present perspectives from both sides of the debate. The presenters will include lawyers who handle such cases as well as physicians who testify in them. The program will include presentations by each side, a panel discussion moderated by the Honorable Kent E. Cattani and the Honorable Ronald Reinstein (Ret.), and an opportunity for attendees to ask questions.

Please consider joining us for what should be a tremendous learning opportunity for anyone involved with SBS/AHT cases.

Lunch is included with registration for attendees at the State Bar of Arizona office locations in Phoenix and Tucson only.

Thank you to the financial supporters of this program as the seminar is being made available for free to registrants attending on January 31st.
